

Dear Camp Families,

CampBrain will be used for health information **AND** camp registrations. Please log into your account **before** registration opens **on March 3rd at 9:00 am** so you do not come across any issues with accessing your account and risk losing a spot for the dates you want your camper to attend.

How do I log in to CampBrain?

1. Go to our registration site - akronrotarycamp.campbrainregistration.com
2. Under the Sign-In section, click reset password
3. Enter the email you normally use to register for camp and click "submit"
4. Follow the instructions in the email to set a password and login
5. If you log in before registration is open you can click the "Manage People and Household Information" button and update any information required
6. If you log in after registration is open you can start a new application and update household information as you go

For additional assistance setting up your CampBrain account, please contact us at:
